

Virtual Hand to Shoulder Fellowship Live Weekend

Date: January 28th & 29th

Time: 8:00am-4:00pm

Location: Cedar Crest College
2901 Hamilton Blvd.
Allentown, Pa 18104

Presenter: Mirella Deisher, OTD, MS, OTR/L, CHT

Bio: Mirella has been a CHT since 2003 practicing predominantly in Orthopaedic hand clinics. She transitioned to academia in 2020 and is currently the Doctoral Capstone Coordinator and Assistant Professor for an entry-level OT doctoral program.

Target Audience: Occupational Therapists, Physical Therapists, Certified Hand Therapists.

Educational Level: Intermediate

Instructional Method: Lecture and Lab

Learning Objectives:

1. Utilize an occupation-based approach to evaluation that includes an occupational profile, an analysis of occupational performance, and the synthesis of data.
2. Demonstrate the synthesis of evaluation findings that consider performance skills with parameters appropriate to medial and post-operative management, client factors, performance patterns, context, and occupations as evidenced in case study.
3. Demonstrate the ability to effectively perform differential diagnosis techniques for the upper extremity as evidenced completion of post session quiz with a 70% or higher.
4. Demonstrate principles of proper orthotic fabrication as evidenced completion of post session quiz with a 70% or higher.
5. Demonstrate the fabrication of 8 orthoses during the 2-day session.
6. Successfully perform and describe when to use joint mobilizations for the upper extremity and hand to improve patient outcomes as evidenced completion of post session quiz with a 70% or higher.

Agenda

Day 1

8:00-8:30 am

Introduction

Principles of Orthotic Fabrication

0:30-12:00 pm

Orthotic Fabrication

- Dynamic wrist extension orthosis
- Fabricate MP dynamic extension orthosis
- Forearm ulnar gutter (i.e., SF MC base fracture)
 - Convert to HB radial gutter (Index MC neck fracture)

12:00-1:00pm Lunch

1:00-4:00pm

Orthotic Fabrication

- Ulnar based Muenster orthosis
 - Convert ulnar muenster to radial-based
- Posterior Elbow orthosis
 - Convert to Dynamic EF OR SPS for Elbow Extension

Day 2

8:00--12:00pm

Joint Mobilizations:

Shoulder to fingers

12:00-1:00pm

Lunch

1:00-4:00pm

Differential Diagnosis:

Hand to cervical spine

Quiz and eval done remotely

ACCESSIBILITY ACCOMMODATIONS:

- The session will be held at Cedar Crest College, 2901 Hamilton Blvd., Allentown, PA 18104. The building is wheelchair accessible, and ADA compliant.
- If you anticipate the need special accommodations to improve the accessibility, please email Mirella Deisher at info@virtualhandfellowship.com
